Forwarding Stock Certificate(s):

Stock certificate(s) may be hand delivered or sent directly to Riverbend - **do not sign the certificate(s)**. In a separate envelope, please mail us a signed and dated stock power form (available from your attorney or stockbroker) for each certificate. If two names appear on the certificates, the stock power must contain both signatures. *Mailing the unsigned stock certificate(s) and the signed stock power form(s) separately helps to prevent theft.* We recommend using certified mail/return receipt requested, and retain the date-stamped receipt for your tax records.

**Your stock(s) is valued as the average of the high and low prices on the date of transfer – this is the date the stock was electronically transferred to Riverbend or the date stamped on the U.S. Postal Service certified mail receipt.*
