

Summer Science Inquiry Institute 2017

PROFESSIONAL DEVELOPMENT OPPORTUNITY FOR 3RD-5TH GRADE PHILADELPHIA SCHOOL DISTRICT TEACHERS

July 31st – August 4th, 2017 | 9am – 4pm daily

Learn how to bring hands-on, inquiry science to your classroom and school-yard through experiences at multiple cultural institutions in Philadelphia. Successful completion will qualify you to apply for the Philadelphia Children Access Nature fellowship.

Who should attend?

- ⇒ 3rd-5th grade teachers in Philadelphia School District
- ⇒ Teachers looking to improve science teaching skills
- ⇒ Teachers looking for resources to improve access to nature-based STEM

What will we do?

- ⇒ Daily visits to science centers in our region, including The Franklin Institute and Riverbend
- ⇒ Hands-on nature exploration in streams, ponds, forests meadows and wetlands
- ⇒ Practice science teaching skills to take back to your classroom
- ⇒ Network with other educators

How to register?

Visit <http://riverbendec.org/programs/outreach/phila.html> to complete our online application.
\$100 refundable deposit will reserve your space in the program.

Limited Space Available
